Kab. Lebak, Banten

Recent Informatics Engineering graduate with a passion for mobile development. Skilled in building user-friendly and efficient Flutter applications across platforms. Eager learner continuously seeking to expand my knowledge and contribute to a dynamic, growth-oriented company.

Education

Universitas Pasundan - Bandung   Aug 2018 - Jul 2023

Bachelor Degree in Informatics Engineering, 3.04/4.00

- Relevant Coursework: Web Development, Mobile App Development, Computational Thinking, Software Engineering, Software Development
- Active in the Informatics Engineering Student Association organization for the 2019/2020 period
- Designed and developed two e-market mobile applications as part of the Thesis Project

Experiences

PT. Inovasi Karya Mahendra (INKARA) - Bandung, Jawa Barat   Mar 2022 - Jun 2022

Mobile Developer intern

PT INKARA is a company engaged in the business of Products and Services established in 2021

- Developed a mobile app prototype called Kantin Virtual for the Faculty of Engineering at Universitas Pasundan
- Designed user interface and implemented it using Flutter framework
- Worked independently to complete the project within three-months internship
- Demonstrated the prototype app to field supervisor and received positive feedback

Projects

Quran Mobile App   - May 2024

Personal Project

Developed a user-friendly Quran app (Quraani) for Android using Flutter. This lightweight app prioritizes a clean interface for a seamless Quran reading experience.

Get Wallpaper Mobile App - Personal Project   - Oct 2023

Personal Project

Developed "Get Wallpaper," a mobile application using Flutter that allows users to discover, download, and personalize their device wallpapers.

E-Market Mobile Applications - Academic Project   Dec 2022 - Jun 2023

Mobile App Developer

Developed a dual-sided e-marketplace mobile application (E-Market) using Flutter to fulfill graduation requirements for a Bachelor's degree in Informatics Engineering at Universitas Pasundan (Pasundan University).

- E-Market Seller: Enables sellers to manage inventory, listings, and customer interactions
- E-Market Buyer: Facilitates product browsing, purchasing, and communication with sellers.

Skills

- **Technologies**: Flutter, Dart, Git, Firebase, Android
- **Tools**: Visual Studio Code, Android Studio, Figma, Vim
- **Soft Skills**: Strong Communications, adaptability, teamwork
